## Security Solutions & Access Control

### Tailored Security Solutions

Protect your campus with a variety of technology solutions to maintain secure operations. As a trusted technology leader, we offer security solutions to safeguard your school and protect your students and faculty. We listen first to understand your specific needs and then customize a solution to complement your school, budget and goals.

### Peace of Mind You Can See

When you choose Hamilton to provide security equipment for your school, you will get:

- Live camera footage visible on your PC, smartphone, tablet or laptop.
- Automated alerts to notify you of activity.
- Flexibility to provide building access to select individuals based on authority.

### The Right Fit for Your Budget

Protect your students, buildings and staff with the help of an experienced Hamilton team. Our experts will work with you to create a security plan to make the most of your budget. We will assess your security needs and offer both the option to lease or purchase services and equipment.

### Why Hamilton?

#### Automated Voice, Email or Text Alerts\*

Receive notifications when unusual activity occurs on campus to facilitate quick response times.

#### Real-Time Surveillance

View activity live online to oversee your campus, students and faculty.

#### Expert Installation

Hamilton technicians come with years of experience to install the equipment for your school.

#### Variety of Products

Different security cameras and types of access controls mean that you procure customized safety solutions.

\*Not all systems support this feature.

# Keep your classrooms safe, connected and protected.

You'll find comfort in knowing that, with Hamilton, you're putting your trust in a company that has a proven track record of helping educational facilities for more than 40 years. Take a look at some of the accessories available to heighten security and enhance convenience based on your specific needs and priorities.
